fyi-request-10293-943d4f0f@requests.fyi.org.nz>

Dear Ms Pledger

Thank you for your request under the Official Information Act 1982, for

What data do you hold on the number of motor vehicles using Cobham Drive? I would like to know all holdings for the period from 1 January 2018 to the present.

I am interested in the number of motor vehicles using that road and their average speed, preferably per minute, alternatively per hour, during peak hours or per day or per week or per month.

If you do not have the data for that road what is the nearest road you do have data for over this time period?

Are you able to differentiate the types of vehicles e.g. by axle length or RF technology?

Your request is being transferred to the New Zealand Transport Authority (NZTA) as the information you have asked for is more closely connected with the functions of NZTA.

You will hear further from NZTA concerning your request. NZTA can be contacted directly at Official.Correspondence@nzta.govt.nz.

Yours sincerely

Lisa MacKenzie
