Dear Mr Creser

Request under Official Information Act 1982

As you know, your request for Official Information dated 19 May 2019 was transferred by this Office to the Crown Law Office on the basis the information to which the request relates was not held by this Office but might be held by Crown Law.

Subsequently we identified one document within the scope of your request, namely a briefing from Crown Law dated 2 April 2019. We understand Crown Law also holds that document and has provided it to you in response to your request, but we wanted to clarify our initial response.

Yours sincerely
