Hi 9(2)(a)

Can you please distribute the slides from the OSINT course to today attendees, hopefully they all enjoyed themselves ☺

Also, who should I send my invoice to? Howard mentioned to put a different code for the room hire so that it could be billed to a separate part of the business, can you let me know what this should be.

Cheers,

Simon

Hi 9(2)

When we enter this into Oracle, after it comes back from the scanners, we will send it to you to code as you wish. Your manager will approve your portion and Oracle will automatically send the invoice to each cc in turn to approve their portions. Unfortunately when an invoice is split like this it was take quite some time to get each person to approve their bit.
