Dear Cam

RESOURCE CONSENT APPLICATION – WP180323T

The Council met today and resolved that the application is to be publicly notified in accordance with s95A(9) of the RMA.

Once notified, section 97 of the RMA allows any person interested in your application to lodge a submission within 20 working days of notification of the application. Submissions may either be opposing, supporting or neutral.

The cost of processing publically notified resource consent applications (including the hearing) varies considerably. Most notified applications would typically fall within the range of \$25,000 to \$50,000, depending on the number and scope of any opposing submissions. This is an **estimation** of the costs only and does not include the cost of consultants or other experts that you may choose to engage yourself. Council staff will be able to give you a more accurate estimate of the likely cost after the submission period ends.

In accordance with the Council's Annual Plan, a further deposit of \$5,750.00 (including GST) is now required before notification of your application can occur. Payment instructions are available on our website (<https://www.hbrc.govt.nz/our-council/about-council/contact-us/make-a-payment/>) or from the consents advisor (email: consentadvisor@hbrc.govt.nz), or if you choose to withdraw the application, please advise us of this in writing.

The application is now on hold (processing days excluded) under section 36(7) of the RMA, Council will proceed with notification of your application once this charge has been paid in full. Once payment is received a public advertisement will open a 20 working day period for people to lodge submissions on your application. We will send you notice of the advertisement and once submissions close a summary of these submissions will be sent to you.

If you have queries please do not hesitate to contact me

Yours faithfully,

Malcolm Miller
Consents Manager
