

28 August 2019

C110304

Lance O'Riley
fyi-request-10750-b4b55bdc@requests.fyi.org.nz

Dear Mr O'Riley

Thank you for your email of 16 July 2019, requesting information about released prisoners and re-offending rates. Your request has been considered under the Official Information Act 1982 (OIA).

Corrections does not decide who is in prison and who is in the community. We operate at the direction of the courts and the New Zealand Parole Board. Sentence duration and any release conditions are imposed by the sentencing judge, while decisions about early release are made by the Parole Board.

You requested:

1. *For all calendar years since (and including) 2000 how many prisoners have been released in prison in total.*
2. *Of these how many were released due to*
 - a. *The completion of their sentence*
 - b. *Early release due to parole*
 - c. *Release on conditions*

Please find this information, broken down by gender and ethnicity, attached as Appendix One. Please note that for privacy reasons, in accordance with Statistics New Zealand guidance, where counts of 1 or 2 are recorded in the data, the number has been rendered as '3' throughout the response. Doing so inflates the total number of releases by 253, equivalent to 0.2% of releases in the dataset. For this reason, the 'total' number of releases provided for each year is less than the sum total of the breakdown of releases for each respective year.

Please also note that the 'European' Category includes New Zealand Europeans. All ethnicity information is self-reported by offenders, and is not verified or confirmed by Corrections. Furthermore, offenders are able to identify themselves with multiple ethnicities; the information provided is based on their primary ethnicity.

3. For each of these three categories, how many proceeded to
 a. Reoffend within 12 months of release

You can find the requested information for all release types below. Please note that Corrections only holds this information by financial year. A breakdown of this information by ethnicity and gender can be found in Appendix Two of Corrections' Annual Reports, which are available at <https://www.corrections.govt.nz/resources/strategic-reports/annual-reports.html>. Accordingly, this part of your request is declined under section 18(d) of the OIA, as the requested information is publicly available.

A breakdown of this information by whether the offender was released on parole or released on conditions is also publicly available in Appendix Two of the Annual Reports and is therefore declined under section 18(d) of the OIA. Please note that we do not record 12-month reconviction and re-imprisonment rates specifically for those released upon the completion of their sentence. To provide this information would require the initiation of a project to extract, analyse, and present the data in the form requested.

Accordingly, a breakdown of the requested information by release type is declined pursuant to section 18(g) of the OIA, as the information requested is not held by Corrections, and we have no grounds for believing that it is held by another agency.

The requested information for the 2017/18 financial year will be available in Corrections' 2018/19 Annual Report, which will be released in the near future. Accordingly, this information is declined under section 18(d) of the OIA, as the requested information will soon be publicly available.

	Reconvicted within 12 months (%)	Re-imprisoned within 12 months (%)
1999/00	40.0	23.8
2000/01	41.0	24.3
2001/02	39.7	23.4
2002/03	42.3	28.0
2003/04	42.6	28.9
2004/05	41.1	27.7
2005/06	42.3	27.6
2006/07	43.5	27.2
2007/08	47.6	27.6
2008/09	47.5	28.4
2009/10	45.3	27.1
2010/11	43.3	27.0
2011/12	44.2	26.7
2012/13	41.7	25.9
2013/14	43.7	28.1
2014/15	44.2	29.7
2015/16	45.5	31.7
2016/17	46.8	32.2

b. Reoffend at all while still under early release or parole conditions

Please see below for the annual rates of reconviction for new offences while on parole since 2011. Rates of this type are not calculated for offenders on Release on Conditions. Rates broken down by gender and ethnicity are also not available for this data. Therefore, the information that comprises the remainder of this part of your request does not currently exist in a form that can be readily supplied to you, and would instead require initiation of a project to extract, analyse and present the data in the form requested.

Accordingly, reconviction rates for new offences while on parole prior to 2010/11, reconviction rates for new offences while on Release on Conditions, and a breakdown of this information by gender and ethnicity are declined under section 18(g) of the OIA, as the information requested is not held by Corrections, and we have no grounds for believing that it is held by another agency or more closely connected with the functions of another agency.

Additionally, as above, the requested information for the 2017/18 financial year is declined under section 18(d) of the OIA, as the requested information will soon be publicly available.

Year	Reconvicted of new offence while on parole (%)
2010/11	22.6
2011/12	22.4
2012/13	23.0
2013/14	21.1
2014/15	19.0
2015/16	18.7
2016/17	17.6

c. Reoffend at any point regardless of time-frame after release or being under release conditions

Other than the standard 12-month and 24-month reconviction and re-imprisonment rates, which are available in Corrections' Annual Reports, we do not generally calculate such rates over longer periods. In order to provide this information to you, Corrections would be required to initiate a project to extract, analyse, and present this data. This part of your request is therefore declined under section 18(g) of the OIA, as the information requested is not held by Corrections, and we have no grounds for believing that it is held by another agency.

However, we are able to provide some data that was collected as part of a one-off analysis of long-term reconviction and re-imprisonment rates for all releases, which was conducted two years ago. Again, rates by gender and ethnicity are not available. Note that the 12-month rates in this part of the response differ from those provided above, as this data includes reconvictions where the offence occurred within the 12-month counting period, but the conviction was not entered until after this time.

Reconviction rates (%) by months after release										
	12	24	36	48	60	72	84	96	108	120
2002/03	45.9	58.6	65.7	70.1	73.0	75.5	77.4	79.0	80.1	80.9
2003/04	46.6	59.9	67.1	71.4	74.6	77.0	78.8	80.0	80.9	81.4
2004/05	45.6	58.8	66.5	71.8	75.1	77.4	78.8	80.1	81.0	81.7
2005/06	46.8	60.1	67.4	72.0	75.0	77.1	78.5	79.5	80.3	80.9
Re-imprisonment rates (%) by months after release										
	12	24	36	48	60	72	84	96	108	120
2002/03	30.6	40.5	47.1	51.5	54.2	56.3	58.0	59.3	60.3	61.0
2003/04	32.6	42.5	48.5	52.3	54.7	56.3	58.1	59.4	60.2	60.5
2004/05	31.9	42.1	48.5	51.8	54.5	56.5	58.1	59.1	60.2	60.8
2005/06	31.5	40.7	45.8	49.8	52.8	54.9	56.1	57.1	58.0	58.9

4. For each of these three categories how many were recalled to prison for
- Breaching parole or release conditions
 - New offences not specifically related to parole/release conditions

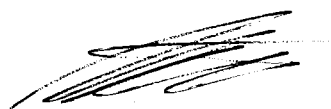

Offenders on Release on Conditions are not subject to recall. Accordingly, the part of your request relating to release conditions is declined under section 18(e) of the OIA, as the document alleged to contain this information does not exist. Applications may be made to the Parole Board for an offender on parole to be recalled to prison following a breach of their parole. The Parole Board are then responsible for making the decision as to whether to approve the recall application and return the offender to prison to serve the remainder of their sentence.

Corrections does not hold information about recalls broken down by the reason for recall. Please see Appendix Two for the total number of approved recalls to prison for offenders subject to parole, by calendar year, gender, and ethnicity.

Again, for privacy reasons, in accordance with Statistics NZ guidance, where counts of 1 or 2 are recorded in the data, the number has been rendered as '3' throughout the response. Doing so inflates the number of recalls by 41, equivalent to 0.8% of recalls.

I trust the information provided is of assistance. Should you have any concerns with this response, I would encourage you to raise these with Corrections. Alternatively you are advised of your right to also raise any concerns with the Office of the Ombudsman. Contact details are: Office of the Ombudsman, PO Box 10152, Wellington 6143.

Yours sincerely

Richard Waggott
Acting Deputy Chief Executive
Service Development
