

**Southland Regional Council  
(known as Environment Southland)  
Fiordland Constituency  
Electing 1 Regional Councillor**

---

**Allan BAIRD**

My principal place of residence is not in the Fiordland Constituency area.

I am the Managing Director of our farming business based in Dipton.

My wife Helen and I and our two sons returned to our family farm in 2002, having lived in Australia for four years. I was the Financial Controller of a distribution business based in Melbourne.

I gained thirteen years business experience prior to commencing my farming career.

I attended Lincoln University completing a Bachelor of Commerce and a Post Graduate Diploma in Accounting. I was admitted into the NZ Society Accountants (CAANZ) in 1991 and I have held a CA designate for over 25 years.

In 2011 I joined the Southland Federated Farmers Executive and was the Provincial President from 2015 - 2018. I am also a member of the Institute of Directors. I believe in integrity and accountability. Local government is an important part of our democracy and needs good governance. I respectfully seek your support.

**Southland Regional Council Members' Interests Declaration**

Name: Allan Baird Date: 20 October 2019

## **Members' Register of Pecuniary Interests**

Members should show companies, Trusts or other commercial interests where they are a Director, Shareholder, Business Owner, Property Owner (Business), Partnership, lessor, or lessee, or contractor to the Council for the member and their spouse or partner.

Office of the Auditor General approval is required for any contract(s) that exceeds \$25,000 in any financial year (s3, Local Authorities (Members' Interests) Act 1968).

## **Members' Register of Non-Pecuniary Interests**

Members should show companies, Trusts or other commercial interests where they are a Trustee, Property Owner (non-business), Member, Board Member, Licence Holder, Chair, Committee Member, for the member and their spouse or partner. Proposed Management Plan indicates how the Member intends to respond to where/when an interest arises.

I declare that the information listed on this and the foregoing pages, details all of my and my partner or spouse's pecuniary and non-pecuniary interests as at today's date.

**Southland Regional Council  
(known as Environment Southland)  
Invercargill-Rakiura Constituency  
Elected 6 Regional Councillors**

---

**Neville COOK**

My principal place of residence is in the Invercargill-Rakiura Constituency area. I am also standing for Southern District Health Board.

The wealth and well-being of Southland lies in its water resource. Water quality and quantity are vital to our lives and must be actively managed for future generations to enjoy. As your Council representative it is my priority to preserve our precious water resource. There are real issues around the future of our water supplies. If our River water supply becomes polluted with animal or human waste, hundreds of people could become ill. Rural towns are supplied with water from a bores, surrounded by intensive farming activity. Water supplies must be managed to ensure that water consumption for farming and industry are sustainable into the future. Environment Southland has a land and water plan to address these issues. I want to be there, to be part of the plan to safeguard our lifestyle and environment for everyone into the future.

**Lloyd ESLER**

My principal place of residence is in the Invercargill-Rakiura Constituency area.

I'm a great supporter of Southland with a strong belief that preserving the natural environment and continuing to develop the economic potential of the province can work together. I've had three terms on the City Council and I want to spend more time with the issues of a wider Southland, including Fiordland, Stewart Island, our outstanding coast and the Catlins. I enjoy the outdoors and my experience as a writer, teacher, tour leader and tramp have kept me in touch with the issues. My parents were farm children in the Depression years and I have gained from them an affiliation with the land and a keen sense of using your resources prudently. I believe that amalgamating the three Southland territorial authorities would be a progressive step as many Southland issues are made more complicated by a lack of Big Picture thinking.

**Southland Regional Council  
(known as Environment Southland)  
Western Constituency  
Electing 1 Regional Councillor**

---

**Nicol George HORRELL**

My principal place of residence is in the Western Constituency area.

My wife, Anne, and I farm sheep in the Alton Valley. We have three adult children and five grandchildren.

I have enjoyed the challenge in the role as Chairman of Environment Southland over the past three years. Having considered the challenges Southland will face over the next few years, I believe the knowledge and experience I have gained during my time on Council will continue to be valuable during the next term. While we will welcome some new faces to the table following the Elections, it is also good to have some continuity going forward. With that in mind I respectfully ask for your continuing support as your representative for the Western Constituency of Environment Southland.

I will continue to support a thriving and sustainable future for Southland. Now that we have grandchildren, I am even more conscious of the legacy we will leave to the generations to come.

**Southland Regional Council  
(known as Environment Southland)  
Invercargill-Rakiura Constituency  
Electing 6 Regional Councillors**

---

**Lyndal Ruth LUDLOW**

My principal place of residence is in the Invercargill-Rakiura Constituency area.

After 3 years of serving and listening to Southlanders I want to continue to be an urban representative who works hard to be actively involved in decision making at Environment Southland. I have completed Resource Management Act training, am a ES representative on several governance groups including Welcoming Communities, Ride Southland and an urban air quality working group. I value our open relationship with iwi partners. We have big issues approaching from central government and our community: water quality and quantity, biodiversity, biosecurity, coastal management and climate change. Good decisions need good science, local knowledge, an understanding of the framework and an open mind. Working with all parties to clarify outcomes, and finding ways to achieve these, will be essential. As a mother of two teenage boys, a teacher, an arts advocate, and volunteer, I would value your vote to bring my perspective and skills to Environment Southland.

## **Notification of Member's Interests**

Councillor Name: Lyndal Ludlow

**Southland Regional Council  
(known as Environment Southland)  
Hokonui Constituency  
Elected 1 Regional Councillor**

---

**Peter MCDONALD**

My principal place of residence is in the Hokonui Constituency area.

Southland has some far-reaching decisions to make in regards to water quality. As Bottom lines may be handed down from central government, Southland will have choices on implementation and timeframes of these improvements. I believe some new thinking has to be directed into this area. Water quality improvements have to be aspirational as well as considerate of community wellbeing. I believe Southland can manage our way forward with careful accountable decision making. I've had varied experience across the community including, 23 years as a volunteer firefighter, have chaired a national farming group, involved in ANZAC and fire service peer support for mental wellbeing. Appointed to the Southland conservation board and involved in Catchment and Landcare groups. If I'm fortunate to gain your support I would advocate for accountability across all areas of council. Thank you for your consideration. Please call to discuss. 0274 340 314.

**Bonnie MAGER**

My principal place of residence is in the Invercargill-Rakiura Constituency area.

I am a qualified and experienced leader. My beyond-the-binary approach to decision making and lateral thinking is what Southland needs. It was this thinking that helped me put Invercargill on the map with my award-winning social media work for the library and it's this same thinking that will help me advocate for you!

With a BSC in Zoology + Geography, I have the knowledge to help us invest in the future of our environment. Being 32, my decisions and policy will have a direct impact on my life. My focus is to find practical fixes for our local rivers, help protect our coast and help us achieve a predator free Rakiura. We need someone on council who is serious about change, who will listen to the people, and who is not afraid of rocking the boat. I am that person. So put your tick in my box, this election.
