

Southland Regional Council  
(known as Environment Southland)  
Eastern-Dome Constituency  
Electing 2 Regional Councillors

---

**Jeremy MCPHAIL**

My principal place of residence is in the Eastern-Dome Constituency area.

My name is Jeremy McPhail (46 years old).  
I am married to Annabelle with three children,  
Josie 14, Eden 12 and Nate 8.

We live in Waikaka Valley where we farm 380 hectares in a Dairy Grazing, sheep and beef operation. We also run an Agriculture contracting business.

Standing for: Water quality is a must and the whole community, urban and rural, will have to do their bit to achieve this; Our community needs to understand the social and economic outcomes from the Water and Land plan; The Water and Land plan needs to have practical rules that can be achieved; We need more Good Management Practises rather than Consent driven Farming; Strong voice around council table. It will be crucial to have the right people on the council who understand the implications and practical sense of the rules that are to be introduced into the Water and Land plan.
