Kia ora Joe,

Thanks for coming in to meet with us.
 Hamish has prepared a further map (attached) and data (see below) which may be useful.

Data:

The below Counts exclude Private and State Integrated students, and also exclude all students with an FTE<0.5.

	Total State	State Co-ed + Single Sex (excl DC, Kura, Special)	State Co-ed	Cashmere	Market share of Co-ed
Proposed amendment	1900	1715	1599	1528	96%
Withdrawal area	193	163	153	134	88%
Total current zone	2093	1878	1752	1662	95%

In the Hoon Hay area (excluding Rose St and surrounds), as shown in pink below, there were 51 Year 9-15 state co-ed students at March 2019.

Examination of market share by year level shows that Cashmere has a lower market share in this area, particularly at younger year levels.

The desirability of enrolment at Hillmorton High School has increased rapidly in recent years, and gains at younger year levels are likely to feed into higher year levels as well.

	Year 9	Year 10	Year 11	Year 12	Year 13
Hoon Hay area					
Total Co-ed	11	12	12	5	11
Cashmere HS	9	9	11	5	10
CHS Market Share	82%	75%	92%	100%	91%

Please get in touch if you have any questions.

Ngā mihi,

Averill
