10 February 2020

Richard Clark

By email: fyi-request-12099-deb6b95a@requests.fyi.org.nz

Dear Richard Clark

Thank you for your official information request received on 28 January 2020 for "any emails and dates/summaries of meetings between LINZ and FENZ (Fire Emergency New Zealand) on the subject of the NZ Localities dataset since the start of 2016."

As the scope of your request is currently very broad, we would welcome the opportunity to speak with you about it. This would help us better understand your request and provide you with more specific information. It would also enable us to give you an overview of our [Resilience dataset work programme](#) (which includes the New Zealand Localities/Suburbs dataset) that you may be interested in.

As we don't have your telephone number, could you please contact Susan Shaw (Senior Resilience Advisor) on sshaw@linz.govt.nz or 04 496-9430 to arrange a suitable time.

Alternatively, if you are unable to speak with us, could you please revise your request with more clarity as to what information/documentation you require. Please clarify your request by emailing ministerialsupport@linz.govt.nz.

Please note that we are unable to consider your request further until we receive this clarification from you (either verbally or written).

If we do not have the opportunity to speak with you or receive clarification of your request by **19 February 2020**, it will need to be refused under section 18(f) of the Official Information Act. This is because, as it is currently phrased, the information requested cannot be made available without substantial collation or research.

We look forward to hearing from you.

Yours sincerely

Natalie Mason
Business Manager, Location Information
