Hi Nick, thanks for getting back in touch.

I've currently got a clash, but I'll see about moving it and get back to you ASAP. Could you send through a meeting invite in the meantime?

Kind regards

Rob Eland

Hi Rob

Thank you for your message – and your generous offer of assistance.

Conscious it may be late notice, but would you be free to attend a meeting at our offices tomorrow at 10:00? We're intending to discuss a few matters that form part of this discussion, and think you'd be an excellent addition.

I'll also shoot you a call now to discuss.

Kind regards
Nick

Hi again Nick, I hope you've had a great week so far.

Just emailing to follow up on this dataset and to again offer our assistance. If there are concerns that the standard CC licensing is not fulfilling all FENZ requirements, we have experience with additional licensing (in the form of our LINZ Licence for Personal Data) and can provide advice in this area.

If you would like to arrange an in person discussion, please just let me know. We're more than happy to come to FENZ to assist.

Cheers,

Rob Eland
Business Partnership Manager

Hi again all,

I have recently returned from leave and am getting in touch to see about lining up this meeting again. Would a particular day next week suit? Bill and I can likely make a late afternoon Tuesday or Wednesday, or most of the day Thursday – just let us know.

Cheers,

Rob Eland

Hi Bill

I think you would have seen an auto reply from Nick that he is on paternity leave.

If it's OK with you would like to wait for Nick's return before we meet up.

Cheers

Matt

Hi all

Thanks for reaching out, and I expect FENZ could learn a great deal from LINZ's experiences in this space.

Thursday 22 Feb (12:00) looks good to me – I'll block the time aside now.

I should note that there's a possibility that, if matter don't proceed as planned, that I could be on paternity leave from next week. (We're due in March). If that is the case, and I'm not able to dial in, I think there'd still be great deal of value in the meeting taking place in my absence.

I've copied Craig MacAlpine to this message to keep him up to speed.

Cheers
Nick

Subject: NZ Localities Dataset

Hi Bill & Rob,

I met with Jeremy and he suggested I pass this on to you.

Fire and Emergency NZ wish to make their NZ Localities Dataset publicly available through a Creative Commons Licence. Given that we have had considerable experience with this through publishing our own datasets in the LINZ Data Service I advised them that we might be able to give them some advice.

You may also be able to offer them some advice on how to go about publishing the dataset, as I understand that LINZ has negotiated a collective government license with its provider.

I have CC'd Nick Ravaji and Matt Donaldson from FENZ in this email. Can you please contact them with a view to arranging a meeting to discuss this further?

Many thanks
Anselm
