Hi Susan

Yes had a good break thanks.

I've had a review and it all look good. Can confirm letter should be sent to Rhys Jones as CE of FENZ.

Cheers
Matt

Subject: Key Datasets for Resilience and Climate Change - Suburbs - survey review

Hi Matt

Happy New Year! Hope you had a good break. We had great weather in Nelson, once we had dried off after Christmas Day.

Thanks for your time before Christmas to discuss the proposed data improvements for suburbs, as part of the Key Datasets for Resilience and Climate Change.

Our discussions identified which improvements you are already working on, and there are lots of them – nice work! We are

now ready to go out to the reviewers to get their feedback on our draft improvement plan.

Please could you review the project introduction and the suburbs survey - <https://arcg.is/mib49>

Here's a direct link to the survey, but this can also be accessed from the intro page above – https://landinformationnz.au1.qualtrics.com/jfe/form/SV_bpB52PVI7vQj6tv

The key thing to check is that you are happy with the wording on page 4 of the survey.

This page sets out the improvements which FENZ are working on over the next 12 months, and those which are not planned. We are seeking a user story to demonstrate the benefit of the improvement for the unplanned work.

It would be great if you could review this by Friday this week (18th January), as we are aiming to send this out to the key stakeholders next week.

Once this is underway I will finalise the letter to FENZ about this project. Just confirming we should address this letter to Rhys Jones, as CE of FENZ.

Please feel free to give me a call if there are any issues – 027 777 6222.

Thanks, Susan
