Hi David - several hundred thousand words today I reckon - on the legal stuff you mean?

Well done - no Willy told me the Minister was going to see Paul late this arvo when he came in for the Colin Peacock interview

iMessage

Yes they caught up

- I suggested to Paul it would be a good idea just so Faafoi didn't just pass through.

Understand they met after the IV - Paul said it went fine but don't know details.

Ok thanks for that

Just curious. Won't be making comment from this office if so.

Any new talks about cutting jobs would need to start from scratch, sources say.
