24 APR 2020

Dear Dale Smith

On 26 February 2020, you emailed the Ministry of Social Development (the Ministry) requesting, under the Official Information Act 1982 (the Act), the following information:

- *The number of benefit recipients whose partners are receiving Student Loan Living Costs or a Student Allowance, by year and benefit type from 2013 to current date.*

A Student Allowance is a weekly payment that can help students with their living expenses while they are studying. In most cases, eligible students do not have to pay the money back.

A Student Loan helps to pay for students' course fees (the compulsory fees charged by their education provider), study materials (e.g. books, computer, travel) and living costs. The loan has to be paid back. The Living Costs component of a Student Loan provides assistance towards students' living expenses. It is available for full-time students undertaking an approved course or programme.

Please note that for Student Allowance purposes, relationships are not recognised in most cases where either party is under 24 years old. While a young couple might be living in a relationship, it is possible for them to individually be receiving different assistance.

Students over the age of 24 are not eligible for Student Allowance if their partner receives a main benefit, New Zealand Superannuation or Veterans Pension.

More information about this can be found at the following link:

<https://www.workandincome.govt.nz/map/students/student-allowance/student-with-a-partner-01.html>

If a student's spouse or partner is granted a benefit, New Zealand Superannuation or Veteran's Pension, the student may access the living costs component of a Student Loan. More information about this can be found at the following link:

<https://www.workandincome.govt.nz/map/students/student-loan/beneficiaries-01.html>

Please find the data requested in the table below.
