Dear John

Thank you for your IOA request on 23 June asking the following:

***Can you please provide me a list of qualifications that you are currently offer that is covered by the Targeted Training and Apprenticeship Fund.  
Also, can you please know if a student enrol with your course and qualifications that covered by the Targeted Training and Apprenticeship Fund, are there any other costs that the student need to pay? e.g. Admin cost etc.***

In response to these questions:

The 2 programmes below are eligible for this special fund:

- AK1011 Diploma in Paramedic Science
- AK3771 Diploma in Interpreting and Translation

The following fees are covered for eligible programmes: course fees, compulsory course costs, and compulsory student services fees. These are the main course costs for AUT programmes.

It is possible that some small administrative charges could be made depending on the student's circumstance and previous academic record. These are listed here:
