As the other members of the panel are Government employees they are not entitled to payment. As such, these panel members are considered voluntary.

Individuals that are on the panel are not allowed to submit an application to the Fund either as a research individual or part of the research team. This limits the amount of people we are able to approach or that show interest in being on the panel.

5. *What are their terms of appointment?*

The panel is only contracted to assist on the current year of funding. All panel members must adhere to the Terms of Reference.
