

02 December 2020

Attention: Harrison
Email: fyi-request-14228-c2ca8747@requests.fyi.org.nz

Dear Harrison

REQUEST FOR INFORMATION UNDER THE LOCAL GOVERNMENT OFFICIAL INFORMATION AND MEETINGS ACT 1987 (ACT)

Thank you for your email dated 1 December 2020 requesting information relating to livestock grazing on Watercare land.

Our response

The locations where Watercare has grazing animals (sheep or cattle) are:

Mangere Wastewater Treatment Plant – cattle
Rosedale Wastewater Treatment Plant – sheep & cattle
Beachlands Wastewater Treatment Plant – cattle
Waiuku Wastewater Treatment – sheep.

Watercare does not own the land in the Waitakere or Hunua catchments.

In terms of the numbers of animals, this depends on the time of year (winter destocking), spring and summer greater stock numbers, so there is no consistent number of stock.

Yours sincerely

David Hawkins
Chief Corporate Affairs Officer
