Dear Danyl

**RESPONSE TO YOUR REQUEST FOR OFFICIAL INFORMATION**

On 8<sup>th</sup> February 2014 you requested details of the chemical compounds used by the local authorities in their water fluoridation programs and their suppliers.

This request was transferred to individual water suppliers on 17<sup>th</sup> March 2014.

I can advise that Masterton District Council use Hydrofluorosilicic Acid (HFA) supplied by Orica. Further information on HFA is available at <http://orica.co.nz/index.asp?page=24>.

Yours faithfully

David Hopman
