Mr Danyl Strype
Fyi-request-1443-fe2c93a3@requests.fyi.org.nz

Dear Danyl

Official Information Request – Fluoridation

Thank you for your Official Information Request relating to the chemicals used by the South Taranaki District Council for water fluoridation.

The chemicals used to fluoridate our Kapuni water supply are Hydrofluorosilicic Acid (HFA) 18% w/w +/- 1%. This is supplied by Orica New Zealand Limited.

If I can be of any further assistance kindly let me know.

Yours sincerely

Shannon Cox
Support Services Manager
