### Questions

I am seeking information on the performance and service of DHBs for their provision of mental health services. I would like data for the following:

For Community Mental Health; Child and adolescent mental health; and (Te Haika) Mental Health Crisis response:

1. Number of distinct new entries/cases per month, by age group (five-year bands if possible\*), 2015 – 2020 calendar year.
2. Number of total new entries/cases per month, by age group (five-year bands), 2015 – 2020 calendar year.
3. Number of distinct cases open at month end, by age group (five-year bands), 2015 – 2020 calendar year.
4. Number of distinct exits per month, by age group (five-year bands if possible\*), 2015 – 2020 calendar year.
5. Number of total new exits per month, by age group (five-year bands), 2015 – 2020 calendar year

For the DHB:

6. Number of hospitalisations for mental health per year, by age group (five-year bands), 2015 – 2020 calendar year.
7. Number of people waitlisted to see a psychologist per year, by age group (five-year bands), 2015 – 2020 calendar year.
8. Number of people seeing a psychologist, per year, by age group (five-year bands), 2015 – 2020 calendar year.
9. Number of psychologists employed by the DHB at year end (split by part time, full time, contracted) by year, 2015 – 2020 calendar year

\*Five-year bands are ideally 0 – 5, 6 – 10, 11 -15, 16- 20, 21 – 25, 26 -30, etc. If there is too much suppression in those age bands can it please be in ten-year age bands.

### Response

For Community Mental Health; Child and adolescent mental health; and (Te Haika) Mental Health Crisis response:

1. **Number of distinct new entries/cases per month, by age group (five-year bands if possible\*), 2015 – 2020 calendar year.**  
The unique patient count that have primary referrals to the Child and Adolescent Mental Health Team that are triaged by month, 5-year age bands for Calendar years 2015 – 2020 are outlined in Table 1 below.
