Dear Paul

Thank you for your OIA request asking us to provide all curriculum documents and formal teaching modules that address sepsis in our undergraduate health programmes.

AUT clinical degrees meet the requirements of registering bodies for registration, including the Nursing and Midwifery Councils who review curriculum material accordingly.

Given the amount of resource required to process your request, we have decided to charge for making the requested information available.

We estimate that the maximum charge to review around 216 papers, identify and collate any information relevant to your request will be \$15,120. Any unused component of the maximum charge will be refunded to you.

Before we proceed further with your request, please confirm your agreement to the charge. Once this has been done, we will provide details on payment of the full amount. Once received, we will send you the information within five weeks of your payment.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz

Yours sincerely

Alison Sykora
