Dear Mr Freeth

**Official Information Request - Our Reference IR-01-21-17118**

We refer to your request for information received 29<sup>th</sup> May 2021. You requested :

- I contact you today to kindly request the following with regards to the temporary alterations to the roading infrastructure located within Henderson (Auckland) town centre 1:
- The outcome of consultations (if any) between Auckland Transport and The New Zealand Police regarding the temporary alterations.
- Risk assessments undertaken (if any) and their outcomes regarding The New Zealand Police's ability to conduct emergency responses through the affected area given the close proximity to the Henderson Police Station and requirement for police personnel to proceed through the affected area when responding to emergency incidents.
- Namely the section of Great North Road between Railside Avenue and Henderson Valley Road, and the section of Railside Avenue between Great North Road and Edsel Street.

Your request has been considered in accordance with the Official Information Act 1982. Police can confirm that through the Henderson Town Centre (HTC) workgroup Police were briefed about the proposed and actual changes to the Henderson Town Centre layout.

There was no anticipated negative effect on Police ability to deploy in a response or prevention capacity. This hypothesis remains true currently with no frontline or other negative feedback received from Police staff based at Waitemata West.

If you believe that some of the information that we have provided to you is incorrect, please let us know and we will consider how we can assist you in that regard.

If you are not satisfied with our response or you have any questions, please contact [IR.Northern@police.govt.nz](mailto:IR.Northern@police.govt.nz) or by telephone 09 8390634.
