If you're happy with the changes, I'll accept them in the doc and start the process of sending this version of the response through the Exec Process.

One of my colleagues will follow up with you next week regarding an extension for this that may need to be applied.

Thanks!

Some tracked changes attached. I did have a couple of questions though, mainly around the use of section 6(b) in response to his second question, which was:

I am looking for the list of persons/positions having an access to use them (Interpol notices/alerts)

This file was returned form the Executives with one comment on correcting some formatting. Could you please take a look and make the appropriate amendment. Then I can send this down to the minister's office for 72 hour no surprises notification.

Once complete please send back to me an updated dated and signed letter.

Many thanks,
Brittany
