Hi Jorn

I meant in contract implementation, not on work for HCC.

I am easy either way also.

Just following the process

Cheers
Dave

Hi guys

Dave, I am bit surprised about the discrepancy in marks in terms of capability, as you have said that they have no track record with us. I think they do as have been working with them on the business cases since late last year.

But having said that, I can work with either party, I marked them very similar on the first two, with value for money being the difference.

J

Subject: Combined scores Evaluating Kerbside Procurement

Hi Matt

GHD have respectfully declined to provide a proposal for the procurement process for Kerbside collection of Recycle and Refuse.

You would have seen the individual assessments carried out by Jorn, Dave and myself.

Combined scores are Morrison Low 24.3 and Tonkin Taylor 28.4.

Pretty close ... open to discuss should you feel the need.

Cheers

J.M
