Dear Steve,

Me and my colleagues are really looking forward to meeting you and your team next Thursday. In preparation for our meeting we thought it might be useful to provide you with a list of questions that we have on these subjects. I realise this is a long list and that we may not be able to cover everything in one session. However, we do hope that it will help you understand what we are interested in.

Feel free to give me a call if you'd like to clarify anything before our meeting.

Thanks!
Christian
