Morena [Redacted],

I wasn't aware that you were in dialogue with Kahuariki these past few months. The last hui with your organization was when [Redacted] from Tauranga was leading the way for Waka Kotahi.

As Co - Chair of Ngati Rangiteaorere Koromatua Council it's important that I'm kept in the loop, so I'm looking forward to meeting you on April Fools Day.

I've been fortunate to be across previous engagement with Rangiteaorere through NZTA staff updates and conversations with Kahuariki these past few months.

I look forward to meeting with you again, as we have been at various tangata whenua forums over the years but so not project related through my previous mahi with Tauranga City Council.

April fool's day it shall be, we'll hui at Aroma Cafe, I'll send a calendar invite to confirm.

Are you both available for a coffee catchup next Thursday say 11am.

I caught up with project manager **Out of Scope** today who mentioned he met with **Out of Scope** this week and thought it would be good to hui kanoahi and discuss a few things before we kick off with the Te Ngae Junction SH30 project. I'd also like to introduce you both to **Out of Scope** from Beca who will be leading the project.

I will send a calendar invite once confirmed. Look forward to catching up.
