Subject: [EXTERNAL] Official Information request - Use of drones over southland

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear New Zealand Police,
I am seeking specific information data , or documentation over the use of what appears to be dozens of drones over invercargill in the last year, to simplify my request , as a nz citizen I would like to request how many drones , have been deployed over invercargill in the months of July August September 2021, by the Nz police, offcanz gscb or whoever holds The information regarding my request, also any documentation data or information as to what their use is for, I personally have recorded and witnessed dozens of drones, flying or sitting idly in the sky for 20 plus hours at a time, and certainly appear to be operated by law enforcement , are they being used for surveillance , and is this surveillance legal.

Yours faithfully,

William Davidson

This is an Official Information request made via the FYI website.
