

Appendix 2

**CHATHAM ISLANDS - RISKS, ISSUES & OPPORTUNITIES REGISTER**

#	Type	Date raised	Title	Description	Risk, Issue, Opportunity for FENZ	Local/National Relevance	Stakeholder	FENZ Responsibility	Action	Raised with the Board?
1	Opportunity	5.11.2020	Cell network connectivity	A new cell network connectivity is being developed on the island.	There is opportunity in utilising the upcoming development of cell network connectivity to promote fire safety and risk mitigation within the Chatham Island community	Local	Communities	District Leaders	District leaders informed at LAC meeting	Yes
2	Risk	29.03.2021	Low water levels in households	Potential for low water levels in households if water from tanks is required to fight fires.	LAC members noted through engagement with Conservation Board that low water levels are low during dryer months.	Local	Communities	District Leaders	District leaders informed at LAC meeting	Yes
3	Opportunity	29.03.2021	Fire alarms on Pitt Island	Fire alarms to be made available in households on Pitt Island	Opportunity for Fire and Emergency to provide fire alarms on Pitt Island, as many households do not have working alarms.	Local	Communities	Fire Risk Management	Local leaders informed at hui. Fire Risk Manager are developing plan to provide fire alarms to households on Chatham and Pitt Islands	Yes
4	Risk	29.03.2021	Distance of Kaingaroa to fire station	Challenge exists in Kaingaroa community regarding response times and distance of the main fire station situated 50km from their community	Risk for community in how to respond to fire and emergencies. Also low water supplies and coastal winds potentially escalating a fire to spread and further isolate communities by blocking access for response.	Local	Communities	District Leaders	Community members expressed their interest in becoming volunteers. Names passed onto District Leaders.	Yes
5	Opportunity	29.03.2021	Fire safety awareness in Kaingaroa community	The LAC noted through their engagement with Kaingaroa that there might be potential to inform the community about fire safety awareness	Opportunity for local leaders to meet with Chatham Islands community to inform people about fire safety awareness	Local	Communities	District Leaders	District leaders informed at LAC meeting	Yes
6	Opportunity	09.06.2021	Iwi and imi to assist with distribution of fire alarms	Fire and Emergency can seek assistance with iwi and imi to distribute fire alarms to their communities	To strengthen community preparedness, iwi/imi members indicated their willingness to assist with the installation of smoke alarms to iwi members and others on the island.	Local	Iwi/Mana Whenua	Fire Risk Management	Fire and Emergency personnel contacted LAC members to connect them with iwi and imi, as part of the developing plan with providing fire alarms to households on Chatham and Pitt Islands.	Yes
7	Risk	05.08.21	Cellphone coverage and emergency calls	The introduction of cell phone coverage to the Chatham Islands from September 2021 needs to be carefully managed.	With emergency calls currently remaining in the Chatham Islands, a system will need to be set up to deal with 111 calls that come into mainland New Zealand from the Chatham Islands. Many people do not know their RAPID numbers, making it hard for the mainland ComCen to locate incident sites.	Local	Communities	Communications Centre	District Leaders have indicated they will work with the Communications Centre on this as a priority.	No
8	Opportunity	05.08.21	CIMS training	At a meeting with Ha O Te Ora, interest was expressed in CIMS training for members of the community	Opportunity for more people to understand the structure to better assist during emergency events.	Local	Communities	District Leaders	District Leaders have indicated they will follow up with Civil Defence about this.	Yes
