### **Partial transfer of your request for official information**

Thank you for your request under the Official Information Act 1982 (the Act) on 11 October 2021 for information related to COVID-19 vaccination deaths. Part of your request asks:

*“How many of these recorded deaths received compensation for the deaths and what amounts?”*

*“With these compensation payouts can you provide copies of the non-disclosure agreements?”*

*“A total payout to date for these deaths?”*

These parts are more closely connected with the functions of the Accident Compensation Corporation (ACC). For this reason, I have decided to transfer these parts of your request to ACC under section 14(b)(i) of the Act. You can expect a response from the ACC on these parts in due course.

Under section 28(3) of the Act, you have the right to ask the Ombudsman to review any decisions made under this request. The Ombudsman may be contacted by email at: [info@ombudsman.parliament.nz](mailto:info@ombudsman.parliament.nz) or by calling 0800 802 602.

## **Original OIA request:**

Dear Ministry of Health, Ashley Bloomfield, Chris James, ACC, Ministry of Justice, Prime Minister, Other Agencies

Up to and including 18 September 2021 a total of 68 deaths were reported to CARM after the administration of the Comirnaty vaccine. Also up to 30 June within 21 days of the administration of either one or two vaccines a total of 749 people died. From this information can the relevant agencies please provide

- How many of these recorded deaths received compensation for the deaths and what amounts?
- With these compensation payouts can you provide copies of the non-disclosure agreements?
- A total payout to date for these deaths?
- Any and all correspondence from internal meetings and how these are to be communicated to with the media outlets.
- Can you please provide for the last ten years all other vaccine related deaths (can be combined in one) and charted next to the deaths against the Pfizer vaccine.
- Can Medsafe also confirm how there was justification to approve this vaccine when it did in July 2021 when there were statistics on government websites of the 1,000's of deaths recorded in overseas countries?
- What is the drop dead date for Pfizer to complete outstanding conditions?
- How many deaths are required before Medsafe will revoke vaccine?

This is fast becoming an issue pushing New Zealand towards medical apartheid - when is the elected officials going to start looking out for Kiwis and follow the science rather than being dictated to by corrupt pharmaceutical companies and global organisations such as UN and WHO who have been severely corrupted.

Yours faithfully,
