Thanks Torrey – yes I think it will reinforce your argument quite well – so feel free to attach it in full

This is great, thanks Fleur.

This is very well written Iain, I think I will attach in its entirety to my Reply as it reinforces the points we have made and will give the Panel more context on the methodology for surveying MHWS.

Excellent thanks for digging that out Fleur. I think an important thing to note in this context is that the work we did in Titahi Bay some years ago to define the MHWS was in relation to a Titahi Bay beach management plan that was being developed by PCC Parks and in conjunction with GW. As I state in the evidence, this delineation was not included in the plan because it was surveyed about 8-9 years ago.

Thanks
Iain

Kia ora kōrua

Here's Iain's evidence for the PNRP hearing referenced in Mr Warburton's presentation. It is entirely consistent with what we have both said to the Hearing Panel and potentially could be provided to them in full? (it's only 4 pages) I can't recall in what context Mr Warburton was referencing it but I'm not sure it helps their case.

Fleur
