Dear Robin

On behalf of the Minister of Immigration, Hon Michael Woodhouse, I acknowledge receipt of your email of 1 July 2014, originally sent to Hon Nathan Guy, requesting the following information:

- "In order to qualify for a Working Holiday Visa, applicants must "hold medical and comprehensive hospitalisation insurance for the length of their stay" as per your requirements
- Please provide a detailed definition of those terms as well as a schedule of the different level of covers required for my insurance to meet those requirements."

I have passed your request onto Immigration New Zealand because the information you seek is held by them. Further correspondence will therefore come to you from the Ministry.

Thank you for writing.

Yours sincerely

Lauren Deslandes  
**Private Secretary, Immigration**
