Tēnā koe Scott

I refer to your email of 15 April 2022 in which you request the following under the Official Information Act 1982 (OIA):

*I would like to request copies of all Formal Messages between Honiara Post and Wellington, dated since 18 March 2022.*

On 26 April 2022, we wrote to you to advise that your request as framed required review of a significant amount of information to locate information potentially in scope, and has captured a significant volume of information in the scoping that has been carried out so far. As such, it was advised that it was likely that your request would be refused under section 18(f) of the OIA, as it would require substantial collation and research.

On 26 April 2022, you agreed to refine your request as below:

*[...] my request to be for formal messages only on the topics of:*

- 1) The Solomon Islands-China security pact and the Solomon Islands-China relationship generally*
- 2) The Solomon Islands International Assistance Force*

On 24 May 2022, due to responding to your amended request necessitating review of a large quantity of information and further consultation being required, the timeframe for responding to your request was extended by 30 working days, to 7 July 2022.

We have identified 24 formal messages that are in scope of your refined request. We are withholding the information contained in these Formal Messages in full under the following sections of the OIA:

- 6(a): to avoid prejudicing the security or defence of New Zealand or the international relations of the New Zealand Government;
- 6(b)(i): to protect the passing of information from another government on a confidential basis;
- 9(2)(a): to protect individuals' privacy;
- 9(2)(ba): to protect information which is subject to an obligation of confidence; and
- 9(2)(g)(i): to protect the free and frank expression of opinions by departments.

Where the information has been withheld under section 9 of the OIA, we have identified no public interest in releasing the information that would override the reasons for withholding it.

On reviewing these messages, and following consultation with relevant agencies, we have identified material from the messages that is already publicly available and which can be found at the following links:
