16 February 2022

Chris McCashin

Dear Chris

Request for Sport deaths

Thank you for your request through the FYI website for data on sport deaths which we received from our OIA team on 18 January 2022. Specifically, you requested data for people who have died on the field/in action from 2000/2021. On 3 February we informed you that we can provide the number of closed cases coded under sport, by year of closure and category of sport. We offered a list of categories of sport to choose from, however as we did not receive a response, we are providing all categories. Please note we do not have data for this series available in CMS prior to 2009.

In response to your request, please find the attached Table 1. Table 1 provides the number of deaths recorded where sports have been listed as a cause of death, by year, closed by the Coroner between January 2009 and December 2021. This data may differ from previously released or published data. This data was extracted from the Ministry of Justice's case management system as at 7 February 2022. Cases are included based on the date the case was closed by the coroner (this may differ to the findings issued date). Closed cases have a cause of death that has been determined by the coroner, where a finding or certificate has been issued. This data includes cases coded with a sports cause of death type listed in Appendix 1.

Due to the manner in which information has been recorded by, or presented to the Coroner, the statistics provided should not be taken as representing every such instance.

I trust this information is helpful to you.

Yours sincerely

Lara Dyer

Information Advisor DDI: 04 466 2786
