Dear ZL Wong,

**Local Government Official Information and Meetings Act 1987**

**CAS-333786-N9B8K5**

Thank you for your email dated 15 July 2014, which we received on the same date, requesting information about the AMETI Bus Corridor Optimisation Report.

This report, and its appendices, is attached to this email response. Please note that Appendix A has been removed as this is a full NZTA board report that includes a number of other items that don't relate to AMETI and an AMETI paper that doesn't relate to the optimisation work. Appendix B has also been removed as it doesn't relate to the optimisation work. Both were included for context of other AMETI decisions.

The AMETI Bus Corridor Optimisation Report describes the outcomes of work undertaken by Auckland Transport to provide NZTA further information on the strategic planning context, the proposed timing and sequencing and the business case for the remaining public transport elements of the AMETI project.

We trust the above information has addressed your request however should you believe that we have not dealt with your request appropriately, you have the right in accordance with section 27(3) of the LGOIMA to make a complaint to the Office of the Ombudsman and seek an investigation and review in regard to this matter.

If you have any further queries, please contact me on (09) 447 4392 quoting Official Information Request Number CAS-333786-N9B8K5.

Yours sincerely

Peter King  
**Programme Director AMETI**
