## Copy of OIA request

**Subject:** Your request for official information (H202201229)

Dear OIA Requests,

Your message of 24 February 2022 asked "Are you able to please clarify to what you mean?"

Although I feel the original question is simple enough that it should not require clarification, I will attempt to do so. I asked for copies of any and all advice received by the government regarding how public perception and concerns about potential or actual SARS-Cov-2/COVID-19 "vaccine" related side effects, adverse reactions, injuries and deaths can or should be managed.

I request copies of any and all advice received by the government regarding how it can manage public perceptions and concerns about the SARS-CoV-2 "vaccine" (as described above).

Yours sincerely,

Peter Russell
