Postal Poll Success At Otautau

There were few surprises in the elections for five community councils in Southland. With only one exception, all sitting members were returned, and several new councillors were elected.

At Otautau, a postal vote conducted by the Wallace County Council drew an 86.16 per cent response.

The county clerk, Mr E. I. R. McCartney, said it was the first time a postal poll had been held at Otautau, and the result was encouraging.

At Taatapere, 66.56 per cent of electors voted, compared with 66.57 per cent three years ago.

The Nightcaps vote was 71.43 per cent, compared with 72.50 per cent in 1877, and the Te Anau vote was 63.87 per cent, compared with 63.75 per cent.

The Lumsden voter response was not known.

Voters Eject Runholder

Two sitting members on the Southland Nominating Board were provisionally returned, other was defeated, and a newcomer polled strongly in the board election in the Southland board area.

board chairman, Mr R. McKenzie, received the third largest number of votes in the ballot, and another member, Mr R. R. Sutton, topped the country runholder Mr F. appears to have little chance of retaining his seat.

Mr surprise in the board was the performance of dham engineering man, Mr G. D. Stewart, who second to Mr Sutton in the re Bush farmer Mr O. W. trying for a second
