**Re: Datasets held by the Auckland Council**

Thank you for your email which we received on 22 July 2022.

The specific details of your request and our response are set out below.

**Could you please provide a list of datasets held by Auckland Council related to property, housing, real estate, land, building and urban development/planning? I know one of these datasets is DVR (detailed valuation roll). Specifically, could you please provide the names of these datasets and short descriptions of each of them? In addition, please indicate which dataset is and isn't accessible by researchers.**

We are refusing your request under 17 (e) of the LGOIMA as the list of data sets that you have requested, does not exist.

However, there are several useful resources that you can use to search for council-owned data sets for property, housing, real estate, land, building and urban development/planning searches. We have included this information below:
