

KiwiRail Freight

To be used on locomotives **ONLY**

The KiwiRail freight logo is the 'hi viz' jacket worn by locomotives, it should **NOT** be used on any clothing, marketing material, or vehicles. This is due to the safety issues associated with the interface between car and person and train, rolling stock requires a much brighter colour scheme.

		CMYK	RGB	
	PMS Cool Grey 10	0, 2, 0, 60	115, 115, 115	#737373
	PMS Red 032	0, 90, 86, 0	237, 46, 56	#ED2E38
	PMS 116	0, 16, 100, 00	247, 209, 23	#F7D117

As displayed in the diagram and photograph, the KiwiRail Freight logo is to be used on the side of the locomotive and on the front (with a white border to separate the yellow of the logo from the yellow of the locomotive).
