Hi s 9(2)(a)

Hopefully these pages from the AHB Shared Path SSBC help you out a bit. Let me know if you need anything else.

Cheers,  
s 9(2)(a)

**Subject:** Skypath cycle demand figures

s 9(2)(a)

Just looking at my notes from yesterday it was mentioned that previous work on Skypath had arrived at daily cycling demand to cross the AHB as 2,000 per day.

Do you have access to any reports / docs to support this? It would be very useful to help me justify the assumptions I've made about this (currently 1,000 to 3,500 per day)

Thanks,  
s 9(2)(a)
