### **Caveats to data**

- The statuses of the applications were collated at the date of 04 October 2022.
- Applications that are "Processed" include applications that have been approved, declined and withdrawn.
- Applications within our system can be picked up by any citizenship trained Life and Identity Services Officer in any office.
- As the data is extracted from a dynamic system, there may be small variances when compared with prior or future datasets.
- "Average waiting in the queue for the processed applications in months" has been interpreted as - *For applications submitted that month, what was the average wait time to be allocated for processing*
- Average wait time to be allocated for processing is the average of only those applications that have been allocated. It does not include unassigned applications.
