Caveats for the data:

- The data is as at 30 October 2022
- The total number of applications that have been assigned to a case officer in the system are reflected in the Approved, Processing, and Withdrawn columns in table one.
- Applications could move from one queue to the other queue when the application has been assigned to the Life and Identity Services Officer
- As the data is extracted from a dynamic system, there may be small variances when compared with prior or future datasets
