Dear TR

I refer to your information request dated 10 November 2022 made under the Official Information Act 1982. You have requested grade distributions for the PSYC311 paper from 2019 – 2022.

Subject to the following comments, please find attached the information you have requested.

- please note that all final grades for papers completed in Semester 1 2020 were increased by 5 marks to account for disruptions created by COVID-19.
- in the attached grade and mark distributions, students who withdrew from the papers or received an Aegrotat Pass grade (not a mark) are excluded from the data.

I trust that this information will be helpful.

Yours sincerely
