Kia ora

Just checking that I actually did send the below – in blue – as my Mail did something funny recently.

Thought I would check, as I couldn't find it in my sent box, and it was still in my DRAFTs.

I am not so good at the application to the board side of things, but the [leg. shows](#) anything submitted to OFLC under s13 (as the 9(2)(a) was) can be reviewed by the board without leave being sought.

I don't know how fees are applied by the Board; we don't charge for publications submitted to us by the Crown agencies (a Court, Police, Customs, or DIA).

You might want to check with the Secretary.

The 9(2)(a) sent us the same enquiry, but knowing which publication might be of help to you – they could be asking about a movie they saw on the weekend!

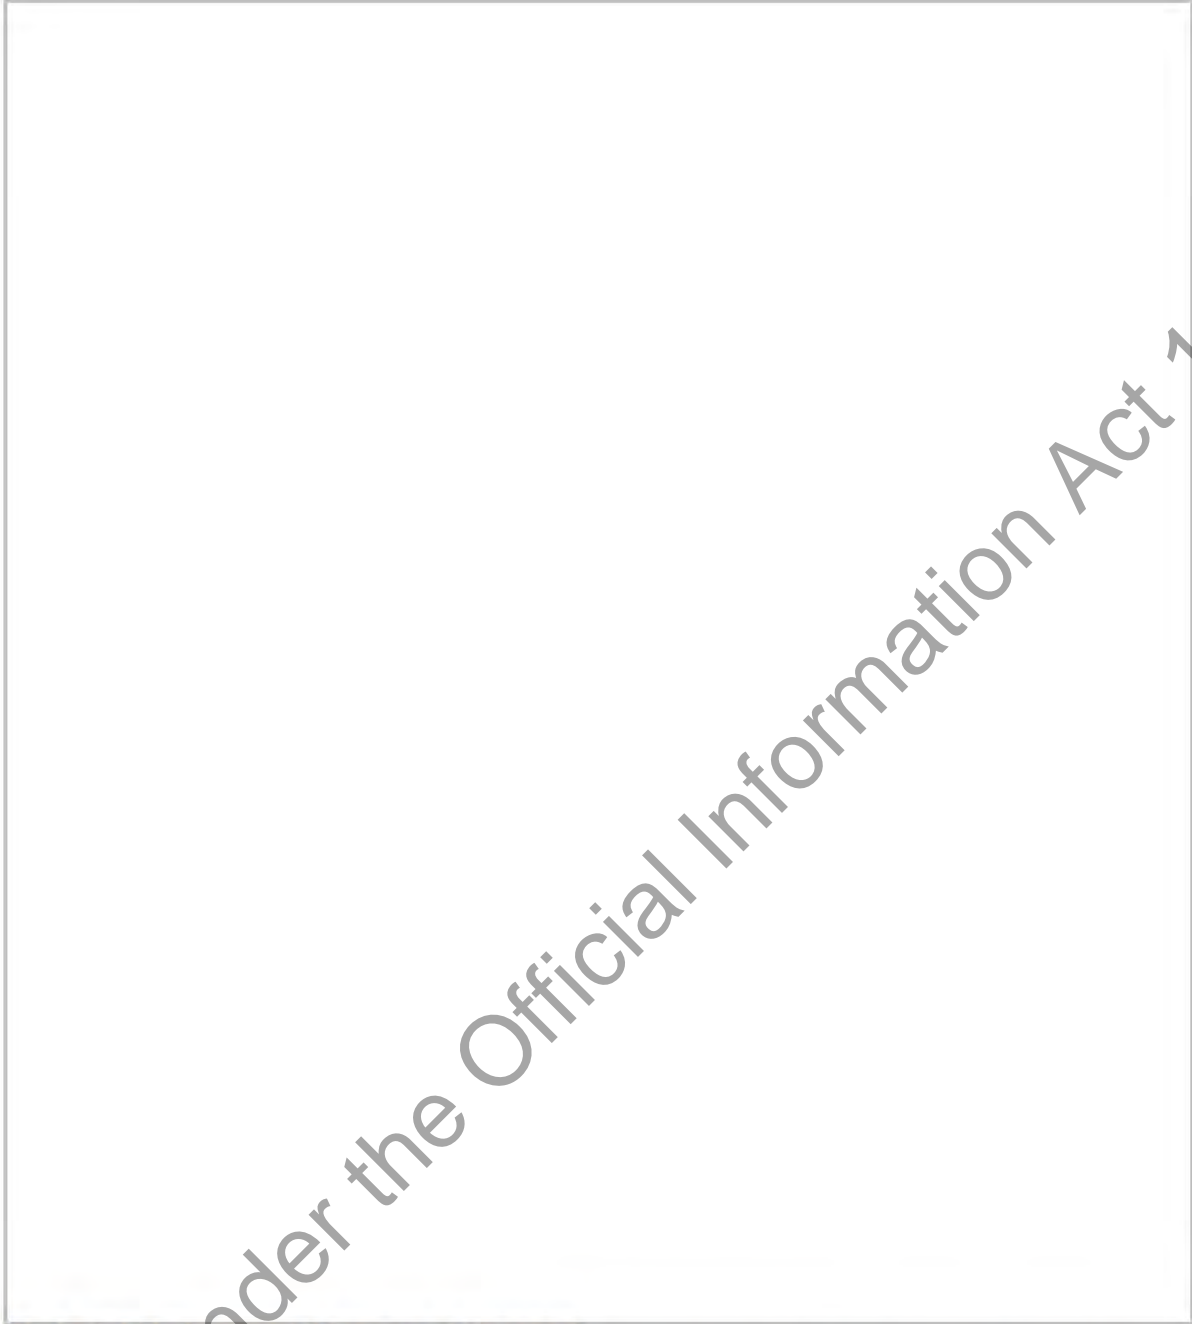

I can see why you would ask us under which section a publication was submitted to OFLC.

Actually, the [NZ Register of Classification Decisions](#) shows the section which publications were submitted.

So, if we search the site for something like *Mexican Torture*, the section is shown:

Released under the Official Information Act 1982

Released under the Official Information Act 1982

That might help speed things up at your end.
The site can be searched by title or publication reference (the OFLC number, without OFLC at the beginning).
But feel free to ask anyway!
I hope this information helps?
Regards,

Kia ora Board members,

I am reaching out to let you know that I am in the process of booking your flights for the meeting on 13 September.

Please note the meeting start time is 9:30am so I'll be looking for early flights around 8am. With an end time of 2.30pm(ish) I'll be looking for afternoon flights around 3pm/4pm latest.

Can you let me know if you are happy for me to proceed and I'll have them sorted by the end of the week.

If you have any questions please let me know.

Thanks all,

9(2)(a)

This Decision is now published here:

https://www.dia.govt.nz/pubforms.nsf/wpg_Publications_FLBRD?Openview&Login

I note that you have added the new cover page warning. That'll save us having to do it later when we swap over to the new system.

On that subject: It would be great if the cover page could be added to each of the files in the current archive. 9(2)(a) has suggested that the new versions of the files can probably all be uploaded together, but first we will need to download each file from the website and add the cover page in Adobe Acrobat DC. Is that a task that you or your team could do in coming weeks/months?

It's just a pretty boring and time consuming task. Let me know.

Hi 9(2)(a)

for the meeting on Feb 4, would it be possible to arrange return flights 9(2)(a)
I will be working there (in my regular job) on the Thursday and then have to be back for work on Saturday at 8 am. There don't seem to be any direct flights at the moment, so depending on the start and finish times of the meeting (have these been set yet?) I may need to stay overnight on the Thursday.

If you let me know when the meeting starts and finishes I can let you know my preferred flight times. Would you then arrange these flights?

Thank you for letting me know!

There is a review happening on the 2nd and it looks like the second review will likely be taking place on the 3rd. Just to confirm, you won't be attending the meeting on the second but you will be attending the meeting on the 3rd via Zoom?

I believe the Board Chair wants the first meeting to be in person and is happy for the second to go ahead via Zoom, so that suits the Board (but hopefully you'll be able to travel again soon!).

Subject: Request for assistance to review a draft disposal authority for the Classification Office

You don't often get email from 9(2)(a). [Learn why this is important](#)

Good morning,

My name is 9(2)(a) and I am an information management consultant working with The Classification Office to develop a revised disposal authority for their public records.

Part of the disposal authority process is to send the disposal authority documentation (an appraisal report) out for external consultation – preferably to external stakeholders who are in a similar sector, or have an interest in the business of the organisation.

It has been suggested by the Classification Office that the Secretary of the Film and Literature Board of Review would be an appropriate person to review their draft appraisal report and disposal schedule. Indeed, the Secretary also reviewed their previous disposal authority documentation 10 years ago.

Would you be willing, please to pass this request on to the Secretary, or to another person on the Board if that is appropriate. I would appreciate confirmation that someone is willing to review the documentation before I send it out. I would be happy to discuss the process if needed – my phone number is 9(2)(a)

I am hoping to send out the documentation by the end of the week, and I usually request a response within two weeks.

If you would like to check that this request is genuine, please email 9(2)(a), at the Classification Office, 9(2)(a)

Thank you for your help,

Tēnā koe 9(2)(a)

I would like to introduce myself.

MaSS [my team – me actually] - is providing secretariat support to the Film and Literature Board of Review (FBLOR) until the function is transferred to the Office of DCE Te Haumi – Enterprise Partnerships. The decision to transfer FBLOR to the DEC's office was made recently following a review of Te Haumi.

Reading 9(2)(a) email, I can see that the desk files we are using needs updating arising from successive staff turnover at our end. It still shows 9(2)(a) as the person processing applications for leave to the Secretary.

Could you let me know who, if it is not yourself, we should send applications for leave to? I will update our desk files where I can as part of the transition to the DCE's Office.

Thanks.

Subject: Review of appraisal report for The Classification Office

You don't often get email from 9(2)(a). [Learn why this is important](#)

Email for attention of 9(2)(a)

Dear 9(2)(a)

Thank you so much for agreeing to review The Classification Office's appraisal report for their disposal authority as required under the Public Records Act 2005.

Background

I have been contracted by the Classification Office to develop the documentation for a revised disposal authority to be submitted to Archives New Zealand for approval. The attached appraisal report describes the various record classes The Classification Office hold, and assigns a value to them, along with a proposed retention period.

This report will form the basis for decisions made about which records can be transferred to Archives New Zealand and which records can be destroyed and when. These decisions will subsequently be summarised in a disposal schedule which will accompany the appraisal report in The Classification Office's submission.

The purpose of this consultation is to assure the Chief Archivist that informed decisions are being made about the disposal of government records. Your feedback will help to inform our decision-making from a range of perspectives and promote transparency and accountability. It may also identify where duplication of information may exist.

The Classification Office have selected some key agencies they work collaboratively with,

industry bodies and organisations representing key stakeholders to review this appraisal report. Please note, corporate records (such as those covering finance, HR and corporate administration) are not included in this appraisal report, as they are covered by the General Disposal Authorities (GDA 6 & 7) issued by Archives New Zealand.

We welcome any comments or feedback on anything contained in this appraisal report. If you have any queries relating to the content of this report, or the process, please contact 9(2)(a) either by phone: 9(2)(a) or by email: 9(2)(a)

We would very much appreciate your feedback by **Monday 4th July**. If this is unrealistic, please let me know. Please send feedback directly to me. I will also follow-up with you in a week to check whether you have any questions about the content or the process.

Many thanks for your assistance in this consultation phase of our process.

Regards,

9(2)(a)
