Hi 9(2)(a)

Just checking in. Was wanting to get your preference on whether you would like a TV screen to view the two images or you are happy to view them on the projector screen?

Meeting agenda:

Time	Item
9:15am	Console game viewing at Classification Office 9(2)(a) + light refreshments
11:20am	Travel to 9(2)(a)
11:30am	Submissions/ review
12:30pm	Lunch
2:30pm	Finish Taxi's to airport

Submission packs:

By default, I've sent submission packs to you electronically. Please let me know if you'd prefer a hardcopy on the day and I can get that sorted.

Taxi's

For those travelling from the airport, please catch taxi's directly to the Classification office (9(2)(a)). After the first publication review, I'll have a taxi van transport you all to Pipitea St for the remainder of the day.

I can also have taxi's ready at the end of day to transport those back to the airport for your flights.

Claim form:

Attached is the FLBoR claim form for you to claim all expenses after the meeting.

Lunch:

Lunch is due to be delivered by 12.30pm on the day and I will have it ready just outside the meeting room as soon as it is delivered. Happy for you to be flexible with your timing and adjust as needed.

Kia ora koutou,

Thank you all for confirming your availability. Please note that the confirmed date has been set and the hearing will be held on **Tuesday 13 September 2022.**

This date has a good representation from the Board with eight of you (including 9(2)(a)) attending the hearing.

Further details will be sent in due course. I'll be sending an invite through to your calendars to block out that day in your diaries.

Thanks,

Subject: Action required: Upcoming Board meeting availability - September 2022

Kia ora Board members,

My name is 9(2)(a) and I have taken over from 9(2)(a) in providing secretariat support to the Board.

This is to let you know that we have received applications for review submitted, which after discussion with Rachael, has determined the need for the Board to meet.

At this time, we are aiming for an in-person, mid-September meeting and propose the following dates:

- 13 September 2022 (9:30am start time)
- 14 September 2022 (9:30am start time)
- 15 September 2022 (9:30am start time)
- 16 September 2022 (9:30am start time)

Can you please reply to me directly and confirm your availability and preference to attend this meeting?

Please note:

For those members who's terms are up: there has been clear advice provided that recruitment will not be completed by September. This means your terms will roll over until new appointments are made and you are eligible to participate in this upcoming meeting.

Feel free to reach out if you have any questions otherwise, I look forward to hearing from you.

Thanks,

Thank you for confirming your availability this side of Christmas. Based off of the dates you sent through earlier, we propose the following dates to hold the next meeting:

1. Tuesday 29th November
2. Wednesday 30 November
3. Friday 2nd December
4. Monday 5th December

The two applications I've already sent through to you are being held up on our end due to the team being low on numbers and not being able to approve without management. We expect to receive this decision on Monday and can then start canvassing the draft timetable and board for availability. From here we can also start looping in the CO into the process.

Hope you have a lovely weekend and we'll talk more next week.

Kia ora 9(2)(a),

Following on from this, I've managed to get further information from the last examination that is hopefully useful for you to know.

- The Board last reviewed a video game back in 2017. The classification office felt the board was underwhelmed with the demonstration due to them not being able to talk and having no contact with anyone other than the staff member demonstrating the game.
- The Board went to the Classification Office to examine the game and then carried out the rest of the meeting elsewhere (I'm proposing this option again as the classification office already have installation/ connection/ machinery ready to go).
- Allowing at least, 2 hours for review. This will include game play with certain parts of the game, YouTube references and game play recordings/ explanations.
- Propose to start the morning off with this publication at the classification office and then the rest of the meeting be carried out at 9(2)(a)

Has the distributor, **Sony Interactive Entertainment NZ Ltd** been notified of the application received, and will they be making a submission?

The contact we have that might be of assistance is:

Hi 9(2)(a)

The examination team have a question about location and timing for presenting the game.

I suspect you will notify a place and time once it has been finalised.

This is correct?

I also suspect we might need to find the most efficient way to present the game, to maximise the Boards time.

I will query the team further regarding their recommendations.

The team have memory of an earlier instance where it felt like the play through or presentation didn't quite meet the board's expectations.

Hoping there is memory of the experience on the board, so we can be plan and prepare ahead of time.

Is there memory on the board?

Unfortunately, due to the tight time frame for submissions for the the review of 3x Transcripts, the review that was planned to take place on the 3rd, I have been asked for multiple extensions and finally a formal request for an extension of on month to allow that applicant and involved parties to prepare for submissions.

I have contacted 9(2)(a) and she has asked me to confirm that this will not cause the Board too much inconvenience and to confirm your availability for a review the week commencing the 31st of January?

Dear Board members

A request has been received (as per attached document) for the Board to review, the Classification Office's review of the Board's earlier decision, in relation to IMG_0631.JPG [OFLC 2100527].

After liaising with 9(2)(a) it has been determined that the Board needs to meet to review this application and the submissions, following the submission process.

Action:

I need to establish your availability to meet as a Board, towards the end of July.

- Please let me know any days you are **NOT** available for a **half day Zoom** hearing between **Tuesday 26 July - Friday 29 July?**
- If you could email me directly by **10am** tomorrow morning that would be much appreciated, as I would like to begin the submission process as soon as practically possible.

Thanks for raising this, 9(2)(a) [redacted]. I've checked this point with 9(2)(h) [redacted] before and their advice is what my understanding was – namely, that the “Board” under the Act is whoever comprises the “Board” at a point in time, and is not restricted to particular members.

So yes, if you can attend, we would love to see you!

I have just got off the phone with Board Member 9(2)(a) [redacted], who has confirmed the days he would be available. But he has raised a question about whether he needs to be a part of this hearing/or can he be a part of the hearing, if he were not part of the Board that made the original decision?

I did mention to 9(2)(a) [redacted] that this did not appear to be a concern but am raising it with you here. Please can you advise and note I have also copied Tom into this email.

I'm very sorry to flip flop on you yet again, but I have just taken an urgent overseas locum which means I travel on May 22nd so I'd better not risk being on flights 3 days before! I am so sorry, I wanted to come to meet everyone in-person since I am the newbie. I hope I can make the next face to face - the locum lasts until July 29, but I will be available for remote attendance when overseas (am in WA which is 4 hours behind so potentially morning meetings will work out for me).

Thank you so much for your excellent communication and elucidation of the process..... I am learning a lot, which I why I wanted to join !

It also looks like the date that works best for everyone is **Monday 16 May 2022**. Could you all please block out your calendars for that date and let me know ASAP if that date is no longer available for you.

^{9(2)(a)} could you please make arrangements for that date accordingly? As mentioned, we'd be grateful if we could have the large meeting room again for social distancing purposes.

Hi 9(2)(a)

I'm okay about meeting in person, and would prefer that, although appreciate that unlike others I am Wellington based.

A relevant consideration is whether any of the meeting platforms enable the showing of videos. If so, then the use of such a platform makes meeting in person less imperative. As a third best option, we could take a break from an online meeting to watch the video through links previously sent to us, and then resume the meeting.

What needs to be avoided is watching the video in our own time and

not immediately being able to share the experience with anyone else.

I am available on all three days you mention.

These submissions relate to the livestream video that I think would best be viewed together and in person. You will recall we postponed the previously scheduled hearing date when the country went into the Red setting and the Omicron wave started.

We are required by the Act to conduct our review “as soon as practicable”. That being so, we need now to schedule our hearing for as soon after 7 April as possible.

My preference is still to meet in person if we can, but I do understand possible people’s discomfort with this while Covid is still so rampant. If we do meet in person, I would ask 9(2)(a) to book the large meeting room we had for our last in-person meeting, and we would socially distance, mask and sanitise. However, I completely understand this may still not be people’s preference, and I do also understand any reluctance to fly at the moment (and 9(2)(a) I am of course very mindful of your situation!). I am perfectly happy, if the consensus/quorum requires it, that we conduct this hearing by Zoom, bearing in mind that we will be alone then after viewing potentially upsetting material, so it will be imperative we all utilise whatever support/supervision mechanisms we have in our own lives. If necessary, we can also have a part in-person, part Zoom hearing to ensure we have a quorum.

To that end, I would be grateful if people could respond to me confidentially indicating (a) whether they wish to be part of the Panel for this one (given its content) and (b) whether they are ok with meeting in person or would prefer Zoom. I will then liaise with 9(2)(a) and we will work out what is the best option.

I would also be grateful if people could indicate their availability to attend a hearing (in whatever form) on a day in the weeks commencing **2 May, 9 May, and 16 May**.

Thanks in advance, everyone.

Thanks for your email and sorry for the delay in responding. I've been in a hearing and just come up for air!

Last time we did a mixed Zoom, in-person 9(2)(a) found us a meeting room at DIA that had Zoom capability via a big screen? It would be good to use that again if possible?

Also, yes, members like to have hard copies of all the submissions (and the publications) on the day. So what 9(2)(a) used to do was make up a set for each member of the submissions and the publications (if the latter can be done in hard copy form of course – not possible for movies etc). Does that make sense? I generally read the submissions in advance in case there are legal points to be aware of.

Happy to answer any other questions,

Will you or another Board member have a device that is capable for Zoom or is this normally supplied on our end?

In terms of the second review, how would like the transcripts to be provided to in office meeting participants? I had considered physical paper copies or do you have another preference/process?

Dear Board Members

I would like to e-introduce myself, particularly to those of you whom I am contacting for the first time.

My name is 9(2)(a) and I have recently taken over the support for the Board (an interim solution), from 9(2)(a) who has left the Department.

I am writing about logistical arrangements for next week's Board hui on Thursday, 19 May from 10am – 1pm and note that the minimum for a quorum is five.

On record, I have it that six of you have confirmed you would attend the board meeting – 9(2)(a)

The Department's guidelines for flight bookings for out-of-town members are to:

- have arrivals in Wellington around 8am -9am and
- have departures from Wellington between 2pm-3pm

As you are travelling into Wellington, can I please confirm if you are ok if your inbound and outbound flights are made within the above timings before I proceed to book them?

I note that flights are not required for you 9(2)(a) as you are based in Wellington.

I will help to support the Board to start and finish the meeting on time for you to catch your flights or go on to your other engagements on the day.

Taxi vouchers:

Would you, particularly 9(2)(a), require a taxi card/voucher for ground travel?

For Wellington-based members, you may have already made arrangements to seek

reimbursement or claim mileage. But if you need a taxi card/voucher, please let me know to arrange.

Do be reminded that the Department does not reimburse for UBER/Rideshare apps.

I will be in touch in the next couple of days about submission papers, once I have checked in with 9(2)(a)

If you have questions, please don't hesitate to get in touch with me and I will do my best to help.

I hope your all having a lovely start to your week!

In preparation for the review meeting on Friday I will begin sharing the associated documents, attached are the password protected transcripts and in a separate email, along with the submissions you will find the password.

I will also include the Zoom link below for the meeting to start at **10 am on Friday the 4th of February** so please join and let me know if you have any issues.

If you require anything else to support your joining the meeting please let me know and I will do my best to help.

Additionally, there will be further updates to come for the next review, I will be in touch with these.

Given the move to Red light on the Covid management framework over the weekend, the review to take place on Friday the 4th of February will be taking place over Zoom only, in an effort to keep us all safe and healthy.

For those of you who I have booked flights for, I will be looking to cancel these shortly.

Could you also all indicate how you would prefer to receive the transcripts for this review, via password protected email, USB or if you have another preferred method, please advise.

Additionally, there has been another application for review received, this was a live streamed suicide video. Could you all please confirm your availability to attend the a review for this content during the week of the 7th of March?

Thanks 9(2)(a). That all sounds good. The Act does require us to view the actual publication so unfortunately I will need you to request it from the Classification Office (even though this is a reconsideration, as Board members we do not keep the images beyond the period of our review).

I have just seen your separate email regarding the request for an adjournment. In those circumstances, I agree an adjournment is warranted but I will seek the agreement of the whole Board and come back to you by the close of play tomorrow.

I hope there's fine weather where you are.

Just to check that you are okay with the following for next week's meeting:

- The meeting is set in an end-to-end encrypted format on Zoom
- I will start the Zoom meeting to admit you in [not being a DIA employee, I am unable to make you a co-host to start the meeting]
- Once you are in, I will make you the meeting host and leave
- You will admit each Board member into the meeting

Due to the staff churn over the last couple of months, I have been unable to locate the image in our records ;-(

I have however received agreement from Classification Office to provide the image if required by the Board. However the latter has a set of security management requirements to be met for receipt and to be adhered for use. I am wondering if the Board would require it given the detailed description of the image by the Classification Office in its written submission (paragraph 9)?

Please let me know if you would like me to request the image from the Classification Office.

Happy new year and happy Year of the Tiger to you as well. I am really looking forward to "meeting" you.

On that note, thanks for your email. I was going to email 9(2)(a) today anyway to say, in light of the Government's announcement over the weekend, I think we should change the hearing on the 4th completely to Zoom for the protection of the entire Board. When we are considering videos and movies, it can be easier to meet in person so we can assess each review application on a case by case basis. But because this one involves the reading of 3 transcripts, I would prefer to conduct this one by Zoom.

9(2)(a) can you please let the Board know and make arrangements accordingly? This will also necessitate providing participants with the transcripts and each member may have a preference in terms of security. I am happy to receive these by email or document management system link, but perhaps with a password? (this is the way your predecessor managed similar applications). Happy to discuss.

And thanks for reaching out 9(2)(a), I look forward to seeing you next week.

Stay safe and thanks for all your critical mahi.

Dear 9(2)(a),

Hope you have had a relaxed start to the new year, and happy Year of the Tiger!

I am getting in touch about the meeting on February 4th. Previously I had confirmed I would be happy to attend in person, but I would now like to request that this be by zoom instead. I understand the preference for members to attend in person, especially as I am new to the group and it's important for relationship building. I hope that this can occur in the near future.

As you know, the recent confirmed presence of Omicron and the imminent fast spread of this variant has many people concerned. 9(2)(a)

9(2)(a) [redacted] The enclosed airspace of a plane (I will have to take four flights to attend and return) is unfortunately the last place I want to be with omicron in circulation. I am not prepared to take this risk and potentially expose my patients while there are good alternatives.

I hope this is OK 9(2)(a) [redacted] - I look forward to being there by Zoom! 9(2)(a) [redacted], could you please cancel my flights?

I have heard back from the majority of Board members now regarding their availability for meeting for a review in the week commencing the 31st of January. The majority of respondents gave availability for **Friday the 4th of February 2022.**

If you are able to and would like to attend this review, please respond with the following details:

- **If you would like to attend in person or via Zoom**
- **If applicable, any travel or booking details that are outside of the usual policy**
- **If applicable, any documents or information that you would like prior to the meeting**

Please try to confirm with me prior to the 17th of December so I can confirm the submission details with the involved parties and book meeting rooms prior to the Christmas break.

Additionally, let me know if you have any further questions or need further assistance!

Thanks for that. I suggest we meet in person, whether any members who would prefer to attend by Zoom doing so. That seemed to work well with 9(2)(a) last week.

What I suggest is you offer the remaining party the chance to make a submission, and then allow the other parties one final chance to respond. Slightly unorthodox but probably needed in the circumstances.

Thanks again for your kind words last week (continuing into this week)

The majority (7) of the Board members have given me their availability for the week commencing on the 31st of January and it seems that Friday the 4th of February has the consensus so I have created a proposed timeline leading up to the week 31st with the review on the 4th. I will follow up with the remainder of the Board members once the date is finalised. Apologies, I feel that I may have asked this already but I cannot find it in my emails- in terms of calling for submissions, I am wondering what the best way to handle this would be. I know that one involved party had not had the opportunity to have an initial submission while others had sent in their original and supplemental submission (even after the meeting was postponed).

What would you advise for calling for submissions?

Do you have an in person over Zoom preference for this meeting?

I have additionally been notified that there will likely be a new application for review coming in maybe this week. I have attached the OFLC classification decision for a heads up.

Hi 9(2)(a)

I wonder, could we have a quick phone chat to coordinate the game a little, so you can enquire with the Board with a number of questions?
And I have another question re: submission timelines.

It seems the game is on PS4, which will likely require a data connection and a tv/screen to display.

The team are averse to removing the machine and connection to install elsewhere.

I expect there will be more questions to come.

We could possibly book our large meeting room for the game demo, put on the air purifier, and have a little more air volume for the number of people.

Or, Zoom in the gameplay to the meeting.

And then perhaps have the remove/install option as a last resort?

I can be contacted directly on 9(2)(a)

Hi 9(2)(a)

Wednesday 31 August (not offered as an option by you) or **Thursday 01 September 2022** (offered as an option) would be fine.

The preview can be done in our Games Room, just need a time and the day firmed up.

Feedback from the team:

If you want I can organise short example videos, and/or a supercut overview of the game, if it's easier.

& then if they need more you can just load up the game and skip around (the build has debug commands)

And

we never have the intention to show them the whole game; that's bananas. The problem with just showing them the objectionable parts was a) they might already have footage of this that they could review on their own and b) we know that the Board as a whole doesn't have great capacity around games so thought the playthrough could be a good steer on what the general feel/overall effect of the game was.

What would the President like for the preview?

I am guessing that the preview, and likely discussion at the time, will be an opportunity to discuss further what will be required for the day when the full board attends.

Hi 9(2)(a)

Thanks so much and no problem will wait for your confirmation. Also I forgot to mention yesterday that the chair has requested that Sony be notified and I've requested a submission from them, but I won't find out until next week as the whole office is on leave. Can you please let me know of the Classification office availability for the following dates please? This is for the pre-viewing with the Chair and Deputy.

30th August

1 September

2 September

I actually also got some feedback from the one board member who was at the last console game viewing:

"My recollection of a game we watched is that the Classification Office's technician did a reasonable job selecting appropriate 'bites' which were pertinent to the question of objectionability. It certainly was preferable than watching the entire game"

Hi 9(2)(a)

I am trying for the large room, and have an enquiry with the EA to book it. Will let you know when I get a response – should be okay, as I mentioned it to her yesterday and today, and flagged the two meetings already in there are likely to be okay to move locations.

Hold tight for now!

Not expecting to use the Games room.

I have spoken with the Games team.

We can be prepared with a "debug" version of the game, that allows the player to go to certain scenes of the "worst" material.

We also have some gameplay footage, recorded during our examination process, that can be ready to go to on the day if the board likes.

Kia ora 9(2)(a) can we lock in 9.30am start time please for the room booking.

Thank you for working in with the multiple requests! FYI there are 8 Board members who will be attending on the day. Is that pushing it to meet the game room max of 6?

If you have some timing for a room booking, that'd be great.

We can book with setup and break-down down on either side (which would also provide spill-over time).

We are thinking of using our large room with a projector, as that would provide a little more comfort for the board (area and volume of air).

We could use our Games room, which is more the size of a living room, if the big room isn't available.

I am assured that around 6 people in the Games room would be okay.

The Games team are happy to help if the President and Deputy would like a preliminary look here at the office.

We are aware of gameplay on YouTube that could be useful, and are happy to provide pre-recorded footage if that is easier.

Kia ora team,

The Chair has confirmed she would like to have te review/ examination of this console game held at your office.

Heads up – following confirmation, the President and Deputy are deciding amongst themselves if a preliminary look at the game to ascertain how the viewing might best be managed. I'll keep you in the loop with the outcome.

Is there anything you need from me to be able to book the room for the morning of **13**

September 2022?

Thanks,

9(2)(a)

Hi 9(2)(a)

I wonder, could we have a quick phone chat to coordinate the game a little, so you can

enquire with the Board with a number of questions?
And I have another question re: submission timelines.
It seems the game is on PS4, which will likely require a data connection and a tv/screen to display.
The team are averse to removing the machine and connection to install elsewhere.
I expect there will be more questions to come.
We could possibly book our large meeting room for the game demo, put on the air purifier, and have a little more air volume for the number of people.
Or, Zoom in the gameplay to the meeting.
And then perhaps have the remove/install option as a last resort?
I can be contacted directly on 9(2)(a)

Regards,
