Andrew Voerman fyi-requests-2124e960fc1@requests.fyi.org.nz

## Dear Andrew Voerman

Thank you for your email of 3 May 2012 requesting, "any and all statistics the Ministry of Education holds regarding the payment of Student Allowances to full-time undergraduate students". Specifically, you requested the following information:

- the percentage of full-time undergraduate students that have received an allowance in each of the last five years
- the percentage of full-time undergraduate students receiving an allowance, broken down by the degree they are studying toward, for each of the last five years.

Your request has been considered under the Official Information Act 1982.

The Ministry of Education's standard annual statistical release on student allowances can be found on the Education Counts website at:

http://www.educationcounts.govt.nz/statistics/tertiary\_education/financial\_support\_for\_stude nts.

The Ministry's statistics on allowances are complemented by more detailed statistics published on the StudyLink website at:

http://www.studylink.govt.nz/about-studylink/statistics/index.html.

I interpreted your request for information relating to undergraduate students as all students studying at Level 7 on the New Zealand Qualifications Framework. This includes all bachelors, graduate diploma/certificate and certificate of proficiency qualifications. I have also included all bachelors with honours qualifications as within the scope of your request.

You requested the percentage of full-time undergraduate students that have received an allowance in each of the last five years. Please find this information in the table below. This table shows the number of student allowance recipients as a proportion of all full-time undergraduate students. Please note however that these percentages do not accurately reflect the allowance uptake rate of eligible students as not all full-time undergraduate students are eligible for an allowance (for reasons other than income). These reasons include a student not being a New Zealand citizen, students who have exceeded their 200 week allowance limit, and those who have become ineligible due to not passing more than half of their course.

2007	2008	2009	2010	2011
21%	22%	25%	29%	30%

You also requested the percentage of full-time undergraduate students receiving an allowance, broken down by the degree they are studying toward. The Ministry of Education does not hold this information in this form, nor does any other agency. To merge the datasets required to calculate these percentages would involve substantial work. Therefore, I am refusing your request under section 18(f) of the Official Information Act.

However, I have included with this response a spreadsheet that gives the number of undergraduate students receiving an allowance by qualification, broken down by provider. I have omitted the data if there are fewer than 30 allowances recipients in a qualification. I hope you find this information useful. Please let me know if you wish to focus on a smaller number of qualifications (for example 25 or fewer), as we can calculate this manually for you.

Under sections 19 and 28(3) of the Official Information Act 1982 you have the right to ask an Ombudsman to review this decision.

Yours sincerely

Ben O'Meara

Acting Group Manager, Tertiary Education Ministry of Education
