Hi,

Apologies for not getting back to you sooner (Doesn't make for a good start when you are talking about working together)

I'd love to have a chat about where our work intersects, and how Netsafe can support you and your colleagues. I've got some free time tomorrow, or happy to look at options for next week if that suits you?

Let me know and I'll sort invites etc.

Hi S9(2)

Hope you have had a good weekend.

Would you be free some time this week to chat about opportunities for Netsafe and DART to work together? Primarily around DARTs reporting of what items we receive that would need referral to you and your relationship with social media platforms etc.

If you have any questions or need any further info please don't hesitate to contact me.

Sincerely

S9(2)

Hi S9(2)(g)

Thanks for pushing this [me] along!

Tomorrow morning looks good, as does 3 30 onwards tomorrow.

Alternatively Friday from 10 30 till 11 30, or between 1 and 3 on Friday looks ok too.

Do any of those times work for you?

---

**Subject:** FW: Follow up to Meeting on Friday

Hi S9(2)

Just following up on this one.

In regards to topics for discussion we have had a few extra things hit the agenda:

- Identified disinfo websites in NZ (there are a few starting to be notable),
- The recent Microsoft report (<https://query.prod.cms.rt.microsoft.com/cms/api/am/binary/RE50KOK>) – has info on Russian disinfo in NZ but the report is short on data (do you have any links to Microsoft as we would like to reach out and ask for further info about that),
- Further work around disinfo on FB.

Let us know when your good as we are keen to look further into the Microsoft and websites things and make some reports to Netsafe and get the ball rolling on what we had previously discussed.

Sincerely

S9(2)

Hi S9(2)

No probs, I know about inbox maelstroms.

How about next week for a meet?

We are now at the point where we can probably start feeding you information on what we are seeing for referral to FB et al and DART is likely to be formally integrated into MOH soon so we will shifting up a gear in our work soon.

Also, if your keen, I can give you a run down of our new triage system and dashboards (which we can provide to Netsafe) for disinformation in NZ.

Sincerely

S9(2)

Subject: FW: Follow up to Meeting on Friday

Hi S9(2)

Just touching base to see how things went with your meeting with FB a few weeks back and if there is any thoughts on next steps.

On our side things are progressing nicely as we now have some staff and our dashboard/triage system is almost ready to go live.

Also, due to our work in clearing through the backlog of reports from CERT of disinformation I have a pretty solid list of things we would like to refer through to Netsafe to discuss with platforms about.

Therefore, how are you placed for a follow-up meeting?

---

Sincerely

**Subject:** Follow up to Meeting on Friday

Hi S9(2)

Pleasure to meet with you on Friday.

As discussed there seems to be several fruitful areas for NetSafe and DART to work together, which include:

- DART providing NetSafe with direct reporting of any reports of misinfo/disinfo which would meet referral to NetSafe (criteria to be set by NetSafe) as part of DARTs triage system,
- DART providing NetSafe with access to its dashboard containing all info on reporting on disinformation in NZ,
- NetSafe and DART working together on general issues related to mis/disinformation,
- NetSafe helping DART to understand the wider digital space and with info on any mis/disinformation seen,
- DART helping with analytical support in regards to mis/disinformation.

Overall there seems to be a fruitful space for collaboration and cross-pollination and as discussed by working together we are stronger together in regards to the issue of disinformation online.

Also, as NetSafe is an independent body this ensures an impartial filter on issues noted by DART, as in most cases Netsafe would be the first port of call for such, and that is something which is of value to DARTs work (we do not want to be seen as some form of internet police).

Therefore I am keen to discuss these area further in greater detail and explore any other options you might have in mind.

Sincerely

Hi S9(2) [REDACTED]

Great to chat last week.

Please find attached a draft copy of the report on Disinformation Harms we discussed. If you have any feedback please feel welcome to do so.

Also, what times work for you for a monthly catchup? Once set I can set up a reoccurring event in our calendars.

Finally we have that list of websites and social media we talked about but I am just running it past my manager before we send it out to you. I will keep you abreast of how that goes.

Sincerely
