Subject: Seeking comment on NZ continuing to fund hate

[CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.]

Dear Commissioners,

Following our previous correspondence on this issue, Foreign Minister Mahuta has just announced on Twitter that NZ will be providing \$3m over 3 years to UNRWA. There are apparently no conditions on this money.

The announcement comes only days after the US House of Foreign Affairs Committee unanimously supported the Peace and Tolerance in Palestinian Education Act, which draws attention to the glorification to terror and hate taught in UNRWA schools; and weeks after the EU Parliament Foreign Affairs Committee repeatedly challenged UNRWA chief Lazzarini on continued teaching of hate, violence and antisemitism. EU members criticised UNRWA over what they called “truly horrific” new self-produced hate materials.

Do you have any comment on New Zealand tax money continuing to be given to an organisation that glorifies terror and teaches antisemitism?

Sincerely,

s9(2)(a) - Privacy [redacted]

7 August 2022

Shalom Paul and Meng,

The end of the Jewish year is approaching. In the Jewish culture, Rosh Hashanah is a time to take stock, reflect and look ahead to the coming year.

The Jewish community would like to thank you for your ongoing support, particularly earlier this year when we released the Antisemitism in New Zealand 2021 survey.

The past year has brought the Jewish community both challenges and success. As you're both aware, the rise in pandemic-fuelled antisemitism, particularly on the forecourt of Parliament during the protests earlier this year, has been confronting.

We believe the antidote to this antisemitism, which often takes the form of imported conspiracy theories, is through Holocaust education. That's why we were pleased the Government last month [joined the International Holocaust Remembrance Alliance \(IHRA\)](#) as an Observer nation. New Zealand now sits alongside 44 other full or observer nations at the Berlin-based [inter-governmental organisation](#) including most of Europe, Australia, the United States, Canada and the United Kingdom.

The New Zealand Jewish Council and the Holocaust Centre of New Zealand believe IHRA can help combat racism for all Aotearoa New Zealand's faith and ethnic communities, and help build social cohesion.

Representatives from both organisations would like to meet with you, and any other relevant people from the Human Rights Commission to discuss this further.

Would it be possible to please meet with you, and any other people at the Commission you think might be interested, mid-afternoon on Wednesday September 21? There will be several Auckland-based representatives from both the Jewish Council and the Holocaust Centre in Wellington that day. As that week is the eve of our month of high holidays, it is an auspicious time for our community leaders to meet with you.

We hope a meeting is possible and look forward to hearing from you.

Kindest regards,

s9(2)(a) - Privacy

Subject: NZ joins the International Holocaust Remembrance Alliance (IHRA) as an observer nation

4 July 2022

Shalom Prof Paul Hunt

We are writing to you on behalf of the New Zealand Jewish Council and the Holocaust Centre of New Zealand to share some good news for our community.

[New Zealand joined](#) the International Holocaust Remembrance Alliance (IHRA) as an observer nation late last month. New Zealand now sits alongside 44 other full or observer nations at the Berlin-based [inter-governmental organisation](#) including most of Europe, Australia, the United States, Canada, and the United Kingdom.

As you're aware, the New Zealand Jewish community has faced increasing antisemitism in recent years, as have many of our fellow Jewish communities around the world. As seen on the forecourt of Parliament earlier this year, the Covid-19 pandemic has given momentum to dangerous international conspiracy theories about Jewish people. There has also been a concerning growth in Holocaust distortion including people wearing yellow stars to oppose vaccine mandates and accusations the Government is acting like the Nazi regime.

IHRA's mission is to combat rising anti-Jewish sentiment through Holocaust education, research, and remembrance. Joining IHRA will help fight racism not only against New Zealand's Jewish community but against all its ethnic peoples.

That's because learning about the Holocaust teaches our young people and future leaders to look at one another with humanity and kindness. The Holocaust shows us how hate can start small and that we all have a responsibility to counter it.

In fact, the United Nations' [Special Rapporteur on freedom of religion or belief found](#) antisemitism left to fester poses risks not only to Jewish communities, but also to members of other minority communities.

The New Zealand Jewish Council and the Holocaust Centre of New Zealand look forward to working closely with government agencies including the Ministry of Foreign Affairs and the Ministry of Education to maximise the benefits IHRA membership can bring about in New Zealand for all its communities.

If you'd like to know more about New Zealand joining IHRA, please click on the links in this email or visit the Alliance's website at: <https://www.holocaustremembrance.com/>. A story by Radio NZ on this can be found [here](#). We are also happy to discuss this with you at any time, so if you would like to, please reach out.

Kindest regards

Anytime between 1-3pm

Meng has suggested half an hour.

Also, the meeting would be online as Meng will be in Gisborne so that would save you a trip into the city. That being said, I'm sure those who are in the office would be very happy to host you.

Shalom [redacted] – thank you very much indeed for your message and the article.

On Friday I asked my colleagues to reach out to some communities who are impacted by the racism and extremism of (some of) the protesters – and this idea chimes with the last sentence of Dane's article, where he encourages me "to facilitate many such discussions in future, ideally with representatives from some of the targets of racism at the table."

[redacted] unless you advise otherwise, I wld like – for starters - to swiftly reach out to Wellington's Jewish community and invite them to informally talk with me/HRC about the protests and the antisemitism and extremism, and get their thoughts and ideas for what might be done.

If you think that's a good idea, who do you think I might email in the Wellington Jewish community about the possibility of initially discussing these matters?

Thanks for any counsel.

HRC cannot do much, [redacted] we are seriously stretched, but I wld like to reach out a hand, if possible.

Also, I have a respectful relationship with some (*not all*) protest leaders, and protesters, but the situation outside Parliament is extremely fluid and unpredictable, so I cannot make any promises.

Anyhow, have a good day and thanks again.
