Dear Mr Forman

Official Information Request Response

Thank you for your information request, sent via the fyi.org.nz website, requesting information about investigations into the feasibility of light rail in Wellington City.

Specifically, in your request you asked:

Please provide copies of any document patron received by, or prepared by council on the feasibility, cost, and affordability of a light rail network in Wellington City.

Please also provide details of any advice received, or sought by Mayor Celia Wade-Brown on the viability, cost, affordability or, and any rates impact that a light rail system would have.

I have spoken with Council officers regarding your request and am able to advise you that the Council has not received any documents that go into depth regarding the feasibility of light rail in Wellington City.

While the Council has received communication regarding people's views on light rail, no proposals have been put forward that have been of sufficient detail as to warrant further analysis by the Council.

Please contact me if you have any questions.

Yours sincerely

Chris Brown
