Tēnā koe Steven

Thank you for your request of 18 June 2024, to Fire and Emergency New Zealand requesting details of all projects-in-flight or approved business cases for upcoming works nationwide under the Official Information Act 1982 (OIA).

Please find attached, as **Appendix One** to this response, a list of the projects that fall within scope of your request, by region. Please note:

- Projects in-flight is defined as projects we have work underway on and approved business cases are those where we have an approval to get underway but are not yet at a stage where work has begun. The list includes both.
- The list only includes capital work and therefore does not include planned and programmed maintenance (PPM).
- There are no capital works that are either projects-in-flight or approved business cases in the Te Kei region.
- We have included some projects that are completed to provide an update on our previous response.

We trust that the information being provided is of assistance. If you require further information, please email officialinformationrequests@fireandemergency.nz.

Nāku noa, nā

Aidan Saunders
