Dear Darren

Update on request made under the Official Information Act 1982

I am writing to provide you with an update on your request of 25 May 2023 for the following information under the Official Information Act 1982 (the Act):

I am seeking the following types of documents produced or updated 2023 for the Ngā Ūranga to Pito-One Shared Cycle way:

- *Health & Safety in Design Register*
- *Design Reviews*
- *Design Safety Audits and Assessments*
- *Meeting minutes where safety aspects of the design was recorded, and/or decisions made that might affect safety.*

On 17 July 2023, I wrote to you to advise that we had made a decision to grant your request for the Health and Safety in Design Register, Design Safety Audits and Assessments and Meeting minutes involving safety aspects of the project. I also advised that this information would not be ready to be released to you until 29 September 2023 as they are still being produced.

These are living documents, which due to how work is progressing on the project, will contain a more comprehensive and accurate body of information if provided to you on or before 15 October 2023. Therefore, in order to provide you with the most detailed information available, we will release these documents to you on or before this date. This will allow enough time for some further design detail to be included in the documents.

I apologise for this additional delay, I want to assure you that we are working to get the best information to you in a timely manner.

If you would like to discuss this reply with Waka Kotahi, please contact Ministerial Services by email to official.correspondence@nzta.govt.nz.

Yours sincerely
