Dear A Browne

***Request for information***

Thank you for your Official Information Act 1982 (OIA) request of 29 June 2023, in which you requested the following:

*"I am writing to request the statistics of stolen vehicles in New Zealand.*

*Specifically, I am requesting an excel spreadsheet containing the following columns from the date range 01/01/2023 - 1/07/2023.*

- Location\**
- Make/Model & Year\**
- Recovered (Y/N)\**
- Presence of car alarm in stolen vehicle (Y/N)*
- Presence of steering wheel lock in stolen vehicle (Y/N)*
- Presence of kill switch in stolen vehicle (Y/N)*

*The data marked with an asterisk (\*) are the minimum required, I understand if the other sets of data cannot be included."*

Please refer to the attached spreadsheet, which shows the number of vehicles reported stolen to Police between 1 January 2023 and 1 July 2023, as of 19 July 2023.

The data is provided as requested:

- Location (Scene District)
- Make
- Model
- Year (of manufacture)
- Recovered vehicles (a count is provided as there may be multiple stolen and recovered vehicles).

Data in this response is drawn from a dynamic operational database and is subject to change as new information is recorded or updated.

Your request for the presence of vehicle anti-theft devices is refused under section 18(g) of the OIA as the information is not held.

You have the right to ask the Ombudsman to review my decision if you are not satisfied with the response to your request. Information about how to make a complaint is available at: [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz)

You may be interested in the stolen vehicles data published on the Police website - <https://www.police.govt.nz/can-you-help-us/stolen-vehicles>

Please note that as part of its commitment to openness and transparency, Police proactively releases some information and documents that may be of interest to the public.

An anonymised version of this response may be publicly released on the New Zealand Police website.

Yours sincerely
